

INDO-GERMAN BIODIVERSITY PROGRAMME

Human Wildlife Conflict Mitigation - HWC

Applying a holistic approach to mitigate human-wildlife conflicts

Mitigating HWC is a key concern for wildlife managers and local communities

Wetlands Management for Biodiversity and Climate Protection

Strengthen institutional framework and capacities for an ecosystem-based integrated management of wetlands

Private Business Action for Biodiversity (PBAB)

To identify, analyse and test promising approaches, methods and tools for promoting biodiversity-friendly production and commercialisation

The Ministry of Environment, Forest and Climate Change (MoEFCC), Government of India, in partnership with GIZ is implementing the Indo-German Biodiversity Programme.

Commissioned by the German Federal Ministry for Economic Cooperation and Development (BMZ) and the Federal Ministry for Environment, Nature Conservation and Nuclear Safety (BMU), the programme addresses the challenges of biodiversity conservation in five projects:

- Human Wildlife Conflict Mitigation (HWC)
- Access and Benefit Sharing (ABS)
- Himachal Pradesh Forest Ecosystem Services (HPFES)
- Private Business Action for Biodiversity (PBAB)
- Wetlands Management for Biodiversity and Climate Protection
